1. Qualitative Information on Consolidated Financial Results for the First Quarter under Review

(1) Explanation of the Results of Operations

The Group has aspired to become a strong and sustainable global company based on the following three pillars: strong measures to be a trusted and successful company, to be a true global company, and for a sustainable corporate foundation.

The Group has established "strengthening earnings capacity and working to increase free cash flow (FCF)" as medium-term management targets from FY2022 to FY2024. By further strengthening earnings capacity mainly through improvements in production efficiency and working to achieve robust increases in FCF, the Group will secure returns to shareholders and allocate funds for the repayment of interest-bearing debt and investment for future growth.

The Group has been emphasizing three value propositions of environment, reassurance and enriched lifestyles. The environment represents exhaust system parts that reduce negative impacts on the natural environment. Reassurance represents body/interior parts that protect people from danger and provide them with peace of mind. Enriched lifestyles represent products and services that increase quality of life. The Group will continue to provide value and increase information transmission to shareholders, investors and all stakeholders, including customers, employees and local communities.

(3) Notes to the Quarterly Consolidated Financial Statements

(Notes to going concern assumptions) None

(Notes to significant changes in shareholders' equity) None

(Application of special accounting for preparing the quarterly consolidated financial statements)

(Calculation of tax expenses)

Tax expenses for the Company and some of its consolidated subsidiaries are calculated by reasonably estimating the effective tax rate after applying tax effect accounting to profit before income taxes for the consolidated fiscal year, including the first quarter under review, and multiplying profit before income taxes by the estimated effective tax rate. Income taxes-deferred is included in "Income taxes" in the consolidated statements of income.

(Additional information)

(Change of matters related to the fiscal years of consolidated subsidiaries)

The Company's seven overseas consolidated subsidiaries in China previously had their fiscal year end on December 31 and made the necessary adjustments to their financial statements as of December 31 to reflect any material transactions occurring between December 31 and the consolidated fiscal year end. However, to disclose consolidated quarterly financial statements more properly, the consolidated subsidiaries adopted a method of making a provisional settlement of accounts, starting from the first quarter of the fiscal year under review.

Following the above adoption, profitability in a three-month period from January 1, 2023 to March 31, 2023 has been reflected through the adjustment of retained earnings for the first quarter of the fiscal year under review.
